August 19, 2009

Welcome back to the 2009-2010 school year. As we welcome your children back to school, we would like to encourage you to prepay for your students' meals. It's always our goal to make serving lines go faster, so children are provided with more time to eat. Here are the options for the 2009-10 school year:

1. Pay by check, cash or money order and there is no fee attached to this.
2. Pay on line using Mealpayplus.com. If you choose to pre-pay online, the transaction fee for making prepayments via www.MealpayPlus.com will remain at a \$2.00 flat rate for the 2009-2010 school year. You may also call by phone and add a payment at 1-866-711-7341.
3. For the 2010-11 school year the fee structure will change to a percentage of the total transaction. Using MealpayPlus to maintain your account, monitor your child's account balance, view purchase history, and set up e-mail reminders will still be offered at absolutely no cost.

We look forward to a great year!
