Credit Flexibility for Student Athletes

FOR STUDENT ATHLETES ONLY – MUST BE TURNED IN WITH APPLICATION

The Ohio High School Athletic Association (OHSAA) has Credit Flexibility Guidelines. When choosing this option please speak with your high school assistant athletic supervisor or visit the OHSAA website at www.ohsaa.org.

Student athletes must be enrolled in and passing five one-credit courses, or the equivalent, each of which counts toward graduation during the preceding grading period to be eligible to participate in athletics. TESTING OUT of a class does NOT count as one of the five one-credit courses.

✓ Students working on approved credit flexibility proposals must provide a progress report during and at the end of each grading period.
✓ If passing, the credit flexibility proposal would count toward the five credits if it is on the student’s schedule during the required timeframe.
✓ If no work has been completed or if the work is not of a level to receive a passing grade, the credit flexibility proposal cannot be used as part of the five credits requirement.
✓ Any work completed or submitted during the summer does NOT count toward athletic eligibility.

National Collegiate Athletic Association (NCAA) has qualification limitations on the Credit Flexibility Program. If choosing this option, please speak with your high school assistant athletic supervisor or visit the NCAA website at www.ncaa.org.

★★★★

☐ I understand that if I am a student athlete the Credit Flexibility Option could affect my high school athletic eligibility and impact my eligibility for college athletics. I have spoke with my high school assistant athletic supervisor concerning this.
