Frequently Asked Questions:

1. What form do I need to fill out for my son/daughter to take a prescribed medication at school?

The form is listed under the link “Medication forms” on our website. You need to choose either the K-6 or 7-12 form, fill it out with your signature, have the prescribing doctor complete the form and either fax it to the school nurse or bring it to them in person. The medication needs to be in the original pharmacy bottle and have the dose clearly stated on the bottle and on the form.
