Message to Parents and Student Athletes

This handbook is made available to you because your son or daughter has indicated a desire to participate in interscholastic athletics, and you have expressed your willingness to permit him/her to compete. We are pleased with your interest in the athletic program. We believe that a comprehensive program of student activities is vital to the educational development of our students.

Participating in an athletic program is a privilege. As an athlete, you are held to higher standards in the classroom, on the field, and in the community. You are representing many people, including past athletes, your family, the community, the school, your coaches, and fellow athletes. Your involvement in athletics can be very rewarding.

As an athlete, you have to carry yourself with tremendous pride. You must wear the uniform proudly. Your actions constantly reflect on others. You must realize that you are a role model for the younger members of the community. As an athlete, you have an opportunity to set a good example for those who follow you.

As students elect to participate, there are many questions that both you and your son/daughter may have regarding the athletic program. The purpose of this handbook is to answer as many questions about the policies of the program as possible (i.e. keep students and parents as informed as possible in order to assist in making the athletic experience a positive one for our student athletes). We are hopeful that this handbook will be of assistance to you as your child participates in the athletic program.

Sincerely,
Mark Aprile, Director of Student Activities

Statement of Pickerington Athletic Philosophy

The Pickerington Athletic Program, 7-12, should provide a variety of experiences to aid in the development of favorable attitudes in students that will prepare them for adult life in a democratic society.

The interscholastic athletic program shall be conducted in accordance with existing Board of Education policies, rules, and regulations. While the Board of Education takes great pride in winning, it does not condone "winning at any cost" and discourages any and all pressures that might tend to neglect good sportsmanship and good mental health. At all times, the athletic program must be conducted in such a way so as to justify it as an educational activity.

"Courage doesn't always roar. Sometimes courage is the quiet voice at the end of the day, saying, "I will try again tomorrow.'"

- Mary Ann Radmacher

Exemptions will be made for students who were approved by the building administrators for a prearranged absence.

1. Building Administrators have the discretion to make exceptions to this rule and the final authority for infractions.
2. Students absent from school on Friday with a contest the following day (Saturday) will be eligible to participate provided the absence is an excused absence.

Individual Sport Rule

Coaches will establish additional rules and regulations for their respective sports. Penalties will be designated/handled by the respective coaches (with the exception of prohibitions previously addressed).

Changing Sports / Same Season

Once an athlete attends the first five (5) days of practice of a sport (i.e., football), he/she may not quit and try out for another sport (i.e., cross country) that is being conducted simultaneously, unless the two coaches (i.e., head football and head cross country) mutually agree to the change. If an athlete is cut from the squad (i.e., football), he/she may try out for a second sport (i.e., cross country) at the discretion of the coach of the second sport (i.e., cross country).

Dual Sports Seasons

A student may participate in two sports at the high school level (i.e., cross country and golf) during the same season if both coaches (i.e., cross country and golf) agree, and the administration approves, based on whether or not dual participation will result in conflict in the requirements of the two sports. The fee for the second sport is \$140.00. Junior high level

students are not permitted to participate in two sports during the same season.

Financial Obligations and Equipment

- A. Uniforms – In several sports, the athlete will be required to purchase his/her game uniform, or a portion of his/her game uniform, which will become his/her property. Those uniforms that belong to the school should not be worn at any time other than the athletic contest unless directed by the coach.
- B. Equipment – All athletes are responsible for the proper care and security of equipment issued to them. School furnished equipment/uniforms are to be worn for contests and practice only. All equipment/uniforms not returned in good condition at the end of the season will be subject to a financial penalty.
- C. Only uniforms issued and/or approved by the athletic department will be permitted to be worn for contests.
- D. Participation fees must be paid in order to participate.

Vacation Policy

Vacations during an athlete's season are discouraged. However, if a vacation is unavoidable:

- A. Contact head coach prior to the vacation.
- B. An athlete must practice one day for each practice or contest day missed prior to resuming competition (contest day will count as a practice day).
- C. Be willing to assume the consequences related to your status as a starter, 2nd string, 3rd string, etc.

Travel

- A. Transportation will be provided in accordance to Board regulation: Co-curricular and Extra-curricular Activities – Transportation Policy 2432.02 AG.
- B. Athletes will remain with their squad and under the supervision of the coach when attending away contests.
- C. Athletes who miss the bus will not be allowed to participate in the contest. If there are extenuating circumstances involved that caused the athlete to miss the bus, the coach may allow the athlete to play only if the athlete's parent/guardian transports him/her to the contest. The final decision is up to the coach.

- D. All regular school bus rules will be in effect, including rules pertaining to food, noise, remaining in seats, care and respect for equipment.

Travel Releases

Athletes who participate in sports receiving round trip transportation:

Under certain circumstances where it creates an inconvenience to the families, athletes may be excused from riding either to or from an athletic event in school-authorized transportation as determined by board policy for various activities. This privilege is to be kept to a minimum since our philosophy continues to be that an athlete is part of a team in all phases of team activity.

To ride on private transportation:

- A. A travel release form must be requested by the athlete and parent.
- B. Parents must make arrangements with the Athletic Administrator in advance of the trip by having the approved travel release form on file in the Athletic Administrator's office on the day of the trip.
- C. The athlete will be released to the parent(s) or designated adult by the coach upon presentation of a copy of the approved travel release form at the contest.
- D. Athletes will not be allowed to ride home with a student.
- E. In an emergency situation, the head coach may release a student athlete from school transportation requirements, provided the student athlete is released to the parent(s) or designated adult for travel purposes.

Conflicts in School-Sponsored Extracurricular Activities

An individual who attempts to participate in too many extracurricular activities will, undoubtedly, be in a position to have a conflict of obligations. Students need to be cautious about participating in too many activities where conflicts might occur.

When conflicts do arise, the coach and sponsor of the activity will get together and try to work out a solution so that the student does not feel caught in the middle. If a conflict cannot be resolved, the principal will make the decision based on the following:

- A. The relative importance of each event;
- B. The relative contribution the student can make;
- C. How long each event has been scheduled;

- D. A talk with the parents.

Once the decision has been made and the student follows that decision, he/she will not be penalized in any way by the coach or faculty sponsor. If it becomes obvious that a student cannot fulfill the obligations of both school activities, he/she should withdraw from one.

Risk of Injury
