

IMMUNIZATION REQUIREMENTS FOR STUDENTS ENTERING 7TH GRADE IN 2021-2022

Dear Parents of Current 6th Grade Students:

Per the Ohio Department of Health, all 7th graders must show documentation of receiving the **Tdap** and **Meningococcal (MCV4)** immunizations before being allowed to enter school next year. You may take this letter with you to your doctor to use as documentation of these vaccinations, or you may submit an immunization report with the dates of both vaccinations. Please return this documentation as soon as possible to your child's school nurse. If this is not provided during the 6th grade school year, you will need to send this information to the junior high that your child will attend **prior** to the beginning of next school year. The middle school nurses will forward on all immunization documentation received to the junior high nurses at the end of this year.

Please call your school's School Nurse or our Health Services Coordinator with any questions:
