Per the Ohio Department of Health, all 12th graders must show documentation of having received **2 DOSES of Meningococcal (MCV4)** immunization before being allowed to enter school in the Fall (2021). **One dose must be administered after the 16th birthday.** If the 1st dose of MCV4 was administered on or after the 16th birthday, a 2nd dose is not required.

You may take this letter with you to your doctor to use as documentation of these vaccinations, or you may submit an immunization report with the dates of both vaccinations. Please return this documentation as soon as possible to your child's School Nurse. Please contact your school's School Nurse with any questions:
